INDEX OF JOB LISTINGS	192

INTRODUCTION

This booklet contains a listing and a brief description of most kinds of jobs in the state classified service. Its purpose is to help you apply for jobs in which you are interested and for which you are qualified.

The Merit System

Jobs in the State Classified Service are filled under a merit system which is based on competitive selection, following the principle that positions are filled on an equal opportunity basis.

Permanent jobs with the State are filled by appointment from eligible lists made up of people who have successfully passed an examination or have met the minimum requirements for a training and experience evaluation. Each examination is based on the kind of experience, training, and knowledge needed for the particular kind of job.

There are at this time over 1300 classifications in the state service, but only about 400 are listed in this booklet. We have omitted those for which there are so few positions that applications are seldom needed; and, for the most part, we have listed only the beginning level classes of the others. In other words when a "I" level position is listed; you will know there are higher classes in the series which require more education and training or experience (some of which may be given on a promotional basis). In some cases, when a "II", "III" or "Senior" level position is listed, there are higher classes in the series.

Applications Will Be Accepted And Appointments Made On An Equal Opportunity, Merit Basis, Without Regard To Sex, Race, Age, Religion, Disability, Color, or National origin.

Types of Announcements

Examinations are open on a continuous basis for many job classifications. This means that a person can make application at any time. Because vacancies in these job classes occur at irregular intervals throughout the year, applications are accepted at all times to ensure that an up-to-date employment register is maintained.

Some jobs are direct appointment classifications. For these jobs no examination is given, and no employment register is created. Applicants should make applications directly to the State agency of interest.

Other announcements, called current announcements, are published periodically and usually remain open for the receipt of applications for a period of three weeks. These announcements are distinguished from continuous announcements by the limited time period during which applications can be filed. In order to be considered for these positions, it is necessary that candidates' applications be received by the closing date shown on the announcement notice.

Current and continuous job announcements can be found at WWW.PERSONNEL.ALABAMA.GOV

How Appointments Are Made

Appointments to vacant positions are made by various State operating agencies from among the top ten ranking applicants whose names are furnished to that agency by the Personnel Department. The names of those applicants not selected remain on the employment register for consideration for future vacancies that may occur. For direct appointment jobs no employment register is established, and no list of names is provided to State agencies. Applicants must make applications directly to the employing agency. Appointments are ordinarily made at the minimum of the salary range for the job classification.

Pay Plan

Each job is assigned to one of 218 pay ranges in the State Pay Plan. For example, Account Clerk has been assigned pay range 57 which is (57) \$27,408.00 - \$44,860.80. Under each job description in this booklet, the assigned pay range at the time of printing has been listed. In addition, this booklet includes a salary schedule for

all merit system job classifications. This schedule should be used only as a guide because pay ranges for some job classifications are occasionally updated to be competitive with the job market.

Summary of State of Alabama Benefits

Retirement

- *Defined Benefit Retirement Plan* (employer/employee based)
See State Retirement Systems (RSA) for more details (<https://www.rsa-al.gov/>)

Miscellaneous Benefits

- *Direct Deposit or Check Card*
- *Payroll deductions for insurance*
- *Payroll deductions for organization dues, credit union and United Way*
- *Employee Discounts* (hotel/motel, travel, rental car, cellular service, etc.)

How to Use Employment Guide

Read this booklet carefully and decide which jobs you are interested in and may be qualified to fill. The qualifications written in this book are general statements that are subject to change when new job studies are done. These statements help you understand the type of education and/or experience background you should possess; however, the qualification statements on the job announcement will be more exact and will be used to determine if an applicant is eligible for examination. You may select as many jobs as you wish. After you have made your selections, **you can visit our website at www.personnel.alabama.gov "Career Opportunities" tab to view continuous and current open job announcements as well as to place your name on the mailing list for job classifications not currently open for application.**

OR

You may fill out a "Job Opening Notification Request" form and write in the code numbers and options, if listed. When indicating code numbers of job classes with options, please enter the class code as many times as you indicate a different option. For example, if you enter on the first line 10525/448, and on the second line 10527/402, your name will be placed on the notification list for IT Systems Technician (Personal Computer Option) and IT Systems Specialist, Associate (General Option).

When you complete the "Job Opening Notification Request" form, mail it to:

**STATE PERSONNEL DEPARTMENT
64 NORTH UNION STREET
P O BOX 304100
MONTGOMERY, ALABAMA 36130-4100**

If the examinations are not open for receipt of applications, your name will be placed on a notification list, and you will be informed when those jobs open for application. If you do not have an e-mail address, you can visit our website at www.personnel.alabama.gov to view all of the continuous and current open job announcements. Since there are no registers for “direct appointment” jobs, you should not indicate these jobs on the “Job Opening Notification Request” form. Inquiries about “direct appointment” jobs should be made to the employing State agencies.

**State Personnel Department
Job Opening Notification Request**

This form may be submitted at our website: www.personnel.alabama.gov

Social Security Number: _____

Your Name: _____

Your Address: _____

City, State Zip: _____

E-Mail Address*: _____

Telephone: (Please include Area Code.)

Home: _____

Work: _____

Cell: _____

List the 5-digit Class Code and 3-digit Option Code (if applicable) of the jobs in which you are interested:

Class Code	Option	Class Code	Option	Class Code	Option
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____

*State Personnel will no longer mail out job announcements in paper copy format. Job notices will be sent electronically to the email address listed on this form.

Applications will be accepted, and appointments made on an equal opportunity, merit basis, without regard to sex, race, age, religion, disability, color, or national origin.

State of Alabama Personnel Department's Online Employment System

The Online Employment System (OES) is an easy and convenient alternative to handwritten paper applications.

Once you have created your OES profile you will be able to:

- Review and print your application for job announcements that are not eligible for online submission
- Review and submit your application for job announcements that are eligible for online submission
- Receive email notifications for job announcements that are now accepting applications
- View your employment Register Standings online (if applicable)

We make every effort to protect your personal information. Unless required by law, your information will not be disclosed without your consent.

You may create an online profile at (www.personnel.alabama.gov).

QUICK REFERENCE GUIDE TO ENTRY LEVEL JOBS

Quick Reference Guide to Classifications Requiring One Year or Less of Experience

This section of the book contains a list of classified jobs arranged primarily by education level. The listings shown may require a high school diploma, or an associate, bachelor's or master's degree. The last category lists other classified jobs that require limited work experience. You can visit our website at www.personnel.alabama.gov "employment" tab to view continuous and current open job announcements as well as to place your name on the mailing list for job classifications not currently open for application or You may fill out a "Job Opening Notification Request" form on page 4 of this book.

Jobs Requiring a High School Diploma or Less

HIGH DEMAND OR DIFFICULT TO RECRUIT JOBS

Hot Jobs Listings as of October 1, 2022

Listed below are several job titles which are either in high demand or difficult to recruit. The State of Alabama Personnel Department is now accepting applications for these positions. There is continuous hiring occurring throughout the year for each of these jobs. If you are interested in applying, simply go to www.personnel.alabama.gov/JobsHot.aspx and click the job title above its description and you will access the recruitment announcement for that job. This announcement will describe the minimum qualifications required of successful applicants, how to apply, the selection procedure and other employment skills.

Important Note: Job classifications listed in this section were in high demand or difficult to recruit as of **October 1, 2022**. For an up-to-date job listing, please check our website.

Accountant (10611-000)

Salary Range: (71) \$37,785.60 - \$63,175.20

This is beginning professional level accounting work in the application of accounting and auditing principles, methods, and procedures in the establishment, analysis, and maintenance of fiscal records. Employees in this class perform professional accounting and auditing work of routine difficulty according to established procedures and regulations. Employees may also assist higher-level accountants in providing specific analysis, interpretation, and preparation of complex financial reports. Other employees in this class perform various phases of complex audits and make professional decisions and judgments in accordance with generally accepted auditing and accounting practices.

Accounting Technician (10605-000)

Salary Range: (67) \$34,243.20 - \$57,259.20

The Accounting Technician is a permanent; full-time position used by various agencies. Positions are located throughout the state. This is supervisory and/or highly specialized paraprofessional accounting work in an agency with a diversified accounting program.

Actuary (11110-000)

Salary Range: (89) \$111,667.20 - \$187,924.80

The Actuary is a permanent full-time position with the Department of Insurance. Positions are located in Montgomery. This is highly specialized professional actuarial work in reviewing and analyzing insurance company forms, sales materials, rate reserves, benefits, and resources.

ALEA Trooper, Trainee (60670-000)

Salary Range: (72) \$39,664.80 - \$66,331.20

ALEA Trooper, Trainee is a permanent full-time position with the Alabama Law Enforcement Agency (ALEA). Positions are statewide, in various locations throughout Alabama. ALEA Trooper, Trainee is the entry-level law enforcement classification for ALEA's Department of Public Safety. Employees are trainees who complete required courses of training approved by the Alabama Peace Officers Standards and Training Commission (APOSTC) as well as specialized ALEA job assignment training (e.g., highway patrol, marine patrol, capitol police). After successfully completing a six-month probationary period, incumbents become eligible for promotion to the ALEA Trooper classification.

Audiologist (40554-000)

Salary Range: (80) \$58,692.00 - \$98,678.40

This is professional work in conducting diagnostic hearing evaluations in mental health institutions, or in the Children's Rehabilitation Services or Vocational Rehabilitation divisions in the Department of Rehabilitation Services. Employees in this class make diagnostic hearing evaluations and referrals of those with significant hearing losses requiring medical attention or therapy.

Automated Transportation System Maintenance Specialist (90230-000)

Salary Range: (6768) \$34,243.20 - \$58,692.00

This is responsible work performing installation, maintenance, and repair of electrical, electronic, and mechanical systems and devices that are utilized in the operation of an Automated Transportation System.

Behavioral Analyst – (50314-000)

Salary Range: (74) \$43,788.00 - \$73,209.60

The Behavioral Analyst is a permanent, full-time position with the Department of Human Resources. Positions are statewide, in various locations throughout Alabama. This is professional work in the performance of behavioral analysis administrative and clinical work.

Biologist III (70723-045)

Salary Range: (79) \$55,855.20 - \$93,921.60

The Biologist III – Wildlife Option is a permanent full-time position with the Department of Conservation and Natural Resources. Positions are located in various locations throughout Alabama. This is advanced management and scientific research work in the study, development, and improvement of wildlife resources in an assigned district.

Claims Representative (11957-000)

Salary Range: (6972) \$35,985.60 - \$66,331.20

The Claims Representative is a permanent full-time position with the Department of Finance. Positions are located in Montgomery. This is technical work in the adjustment of claims in the Risk Management Division of the Department of Finance.

Claims Representative, Senior (11953-003)

General Option - 003

Salary Range: (7476) \$43,788.00 - \$81,007.20

The Claims Representative, Senior is a permanent full-time position with the Department of Finance. Positions are located in Montgomery. This is highly technical work in the adjustment of property or automobile claims within the Risk Management Division of Finance.

Claims Representative, Senior (11953-398)

Employee Injury Option – 398

Salary Range: (7476) \$43,788.00 - \$81,007.20

The Claims Representative, Senior is a permanent full-time position with the Department of Finance. Positions are located in Montgomery. This is highly technical work in the adjustment of employee injury claims.

Correctional Officer Trainee (60710-000)

Salary Range: (66) \$33,381.60 - \$55,855.20

This is correctional security work as a trainee that consists of formal and on-the-job training of the policies and procedures associated with the custody and rehabilitation of inmates within a correctional institution. Employees in this class learn to maintain security of a correctional institution and to observe and participate in the supervision, control, and custody of offenders. Work is performed under close supervision by a training officer or higher-ranking correctional officer following established standards and guidelines.

Docket Clerk (11501-000)

Salary Range: (58) \$28,084.80 - \$45,981.60

The Docket Clerk is a permanent full-time position used by various agencies throughout the state. This is responsible legal clerical work processing a large volume of criminal and civil case documents and records, and related typing duties. Qualified applicants must have an approved typing proficiency on file with the State Personnel Department indicating a typing skill of at least 50 net words a minute with ten or less errors in order for their application to be processed. Please refer to the job announcement for additional information.

Elevator/Boiler Inspector (61640-000)

Salary Range: (7374) \$41,668.80 - \$73,209.60

The Elevator/Boiler Inspector is a permanent, full-time position with the Department of Labor. Positions are located throughout the state. This is specialized regulatory work in performing inspections of boilers, pressure vessels, and/or public elevators and related equipment to ensure compliance with required operational and safety codes and standards.

Employment Security Representative (11408-000)

Salary Range: (68) \$35,092.80 - \$58,692.00

The Employment Security Representative is a permanent full-time position with the Department of Labor. Positions are located throughout the state. This is technical employment security work at the entry level involving interviewing, assessing, and referring applicants to jobs and training, including applicants that meet local veterans' employment program criteria; processing unemployment compensation claims; auditing and adjusting employers' accounts; or determining employer tax rates.

Equipment Mechanic (90445-003)

Salary Range: (6364) \$30,991.20 - \$53,224.80

The Equipment Mechanic is a permanent full-time position used by various agencies throughout the state. This is skilled journeyman level mechanical work in the maintenance and repair of various types of automotive, heavy construction, and/or patrol vehicle equipment.

Financial Support Worker I (50247-000)

Salary Range: (66) \$33,381.60 - \$55,855.20

The Financial Support Worker I is a permanent full-time position with the Department of Human Resources. Positions are located throughout the state. This is entry-level to advanced social work in the public assistance, food stamp, child support, or work and training services programs. Employees in this class review and determine initial and continuing client eligibility for public assistance, food stamp, child support services, work and training services, or medical assistance benefits determination and entitlements.

Heating and Air Conditioning Technician I (90507-000)

Salary Range: (60) \$29,496.00 - \$48,300.00

The Heating and Air Conditioning Technician I is a permanent, full-time position used by various agencies throughout the state. This is responsible technical work in the installation, operation, and maintenance of air conditioning, heating, and ventilating systems.

Heating and Air Conditioning Technician II (90508-000)

Salary Range: (62) \$30,223.20 - \$50,712.00

The Heating and Air Conditioning Technician I is a permanent, full-time position used by various agencies throughout the state. This is responsible technical work in the installation, operation, and maintenance of air conditioning, heating, and ventilating systems.

Managed Care Analytics Analyst, Sr. (11112-000)

Salary Range: (8182) \$61,660.80 - \$111,667.20

The Managed Care Analytics Analyst, Senior is a permanent full-time position with the Alabama Medicaid Agency. Positions are located in Montgomery. This is responsible, supervisory, and professional work analyzing various data to provide information that will assist management in determining performance, financial viability, and quality of care provided by Regional Care Organizations (RCOs).

Managed Care Analytics Manager (11113-000)

Salary Range: (84) \$77,008.80 - \$129,588.00

The Managed Care Analytics Analyst Manager is a permanent full-time position with the Alabama Medicaid Agency. The position is located in Montgomery. This is responsible, managerial and administrative work in overseeing all facets of the quality metrics analysis of Regional Care Organizations (RCOs).

Mine Inspector (61321-000)

Salary Range: (73) \$41,668.80 - \$69,688.80

The Mine Inspector is a permanent full-time position with the Department of Labor. Positions are located in Birmingham. This is technical work involving the responsibility for inspection of mines and for enforcing state laws, rules and regulations concerning health safety.

Nurse-Hourly (40251-000)

Salary Range: (239) \$ 22.11 - \$ 37.02 per hour

The Nurse - Hourly is an hourly, conditional, no benefits position with the Department of Public Health. Individuals are appointed to this classification to serve on an at-will, part-time, as-needed basis. This classification has no benefits and is based on the amount of work available. Individuals appointed to this classification do not serve a probationary period nor obtain permanent status; therefore, individuals do not have due process rights. Positions are located throughout the state. This is professional nursing work in a generalized or specialized field of nursing.

Orientation & Mobility Specialist (50396-000)

Salary Range: (71) \$37,785.60 - \$63,175.20

This is entry level professional work in the field of rehabilitation and instruction of persons who are blind or visually impaired. Employees in this class are responsible for developing and implementing plans of instruction in orientation and mobility and adjustment counseling for persons of all ages who are visually disabled. Work at this level involves making consumer contacts; evaluating consumers' needs for services; providing instruction in skills needed to travel indoors or outdoors; and referring consumers for additional rehabilitation services.

Programmer (10515-000)

Salary Range: (74) \$43,788.00 - \$73,209.60

The Programmer is a position used by various agencies throughout the state. This is entry level through full performance computer programming work. Employees in this class are responsible for preparing, from predetermined program information and specifications, basic to complex computer programming applications, along with coding, testing, debugging, and documenting these applications.

Programmer Analyst (10517-003)

Salary Range: (81) \$61,660.80 - \$103,636.80

The Programmer Analyst (General Option) is a position used by various agencies throughout the state. This is the full performance professional level work performing moderately to highly complex programming and systems analysis work. This differs from the lower level in that incumbents work on projects with integrated systems that impact multiple applications. Supervision may be exercised over lower-level IT personnel. Work at this level requires full proficiency in more than one programming language.

Public Health Physician Director

Salary Range: (93) \$150,420.00 - \$253,159.20

The Public Health Physician Director is a permanent, full-time position with the Alabama Department of Public Health (www.adph.org). Positions are located in Montgomery. This is highly responsible professional medical work in administering a large bureau with responsibilities of statewide public health programs or coordinating activities within one or more districts.

Rehabilitation Staff Nurse (50399-000)

Salary Range: (7576) \$45,981.60 - \$81,007.20

This is professional nursing work with Children's Rehabilitation Services. Employees in this class perform progressively responsible services in the field of community health nursing as applied to children with disabilities and their families. Employees are expected to provide clinical care and assist in promoting and developing services for children with special health care needs and their families in an assigned area of the state.

Revenue Compliance Officer I (10713-000)

Salary Range: (69) \$35,985.60 - \$60,175.20

The Revenue Compliance Officer I is a permanent, full-time position with the Department of Revenue. Positions are located statewide. This is professional collection work in the enforcement of Alabama state and local revenue laws.

Revenue Tax Accountant/Auditor I (10701-000)

Salary Range: (72) \$39,664.80 - \$66,331.20

The Revenue Tax Accountant/Auditor I is a permanent, full-time position with the Department of Revenue. Positions are located throughout the state. This is professional auditing work in enforcing state tax laws.

Revenue Tax Accountant/Auditor II (10702-000)

Salary Range: (76) \$48,300.00 - \$81,007.20

The Revenue Tax Accountant/Auditor II is a permanent, full-time position with the Department of Revenue. Positions are located throughout the state. This is professional auditing work of considerable difficulty examining taxpayers' returns and records for compliance with Alabama tax laws.

Senior Social Worker I (50221-000)

Salary Range: (73) \$41,668.80 - \$69,688.80

The Senior Social Worker I is a permanent full-time position used by various agencies throughout the state. This is advanced professional service social work. Employees in this class develop a social service plan for a difficult and complex select caseload in child protective services, adult protective services, child and adult foster care and/or adoptions; investigate complex abuse and neglect cases; provide immediate crisis intervention; assess need and delivery of services; arrange for clinical services; and/or plan for nursing home care.

Service Patrol Operator (90428-000)

Salary Range: (5860) \$28,084.80 - \$48,300.00

This is semi-skilled work patrolling urban highways in order to assist motorists and curtail traffic congestion by providing incident control until the incident is cleared.

Social Service Caseworker I (50246-000)

Salary Range: (69) \$35,985.60 - \$60,175.20

The Social Service Caseworker I is a permanent, full-time position used by various agencies throughout the state. This is service social work developing social service plans for select caseloads; investigating abuse and neglect cases; providing crisis intervention; assessing need and delivery of services; arranging for clinical services and/or planning for nursing home care; determining financial eligibility of day care and homemaker schedules; recruiting applicants for foster care and residential day care providers; speaking to the general public and groups; and preparing court reports and testifying in court.

Social Worker I (50248-000)

Salary Range: (71) \$37,785.60 - \$63,175.20

The Social Worker I is a permanent, full-time position used by various agencies throughout the state. This is entry level to advanced level service social work. Employees in this class develop a social service plan for a select caseload in child protective services, adult protective services, child and adult foster care and/or adoptions; investigate abuse and neglect cases; provide immediate crisis intervention; assess need and delivery of services; arrange for clinical services; and/or plan for nursing home care.

Staff Nurse (40240-000)

Salary Range: (7576) \$45,981.60 - \$81,007.20

The Staff Nurse is a permanent full-time position used by various agencies. Positions are located throughout the state. This is professional nursing work in a generalized or specialized field of nursing.

This job class is part of the State Professional Trainee program. See page 52 for more information.

Tax Valuation Analyst I (10721-000)

Salary Range: (72) \$39,664.80 - \$66,331.20

The Tax Valuation Analyst I is a permanent, full-time position with the Department of Revenue. Positions are located throughout the state. This is responsible analysis and valuation work in one or more technical fields of taxation.

Vision Rehabilitation Therapist (50374-000)

Salary Range: (71) \$37,785.60 - \$63,175.20

This is entry level work in the rehabilitation field of persons who are blind and persons with visual impairments. Employees in this class are responsible for developing and implementing plans of instruction and adjustment counseling in the areas of home management, independent living, and employment for persons with visual disabilities. Work at this level involves working with other rehabilitation personnel in order to provide instructional services to persons with visual disabilities.

This job class is part of the State Professional Trainee program. See page 52 for more information.

**APPLICATION CERTIFICATION STATEMENT AND
DEGREE ACCEPTANCE AND
EXAMINATION SECURITY POLICIES**

Policy on Accepting College Coursework, Post-Secondary and Advanced Degrees

Applicants must submit an official transcript for each accredited postsecondary academic institution attended. Original transcripts issued to students will be accepted. Photocopies of transcripts and faxed transcripts will be accepted. Information obtained from the internet will not be accepted. Original documents issued to students or photocopies can be hand delivered, faxed, or mailed to:

State Personnel
300 Folsom Administrative Building
64 North Union Street
Montgomery, Alabama 36130-4100

Official transcripts which have been submitted for any state job after January 2, 2012, will remain on file in our system and will not need to be resubmitted.

1. Specific college coursework required for a job, as well as Bachelor's, graduate, postgraduate, and doctoral degrees will be accepted from the schools accredited by any of the six regional accreditation associations in the United States listed below:
 - ✓ Southern Association of Colleges and Schools (SACS)
 - ✓ Middle States Commission on Higher Education (MSCHE)
 - ✓ Northwest Commission on Colleges and Universities (NWCCU)
 - ✓ Higher Learning Commission (HLC)
 - ✓ New England Commission of Higher Education (NECHE)
 - ✓ Western Association of Schools and Colleges –Senior College and University Commission (WASC-SCUC)
2. Coursework or degrees from schools that have not been accredited by one of the above listed regional accreditation associations may be accepted if a *regionally accredited school** considers the coursework or degree to be an acceptable prerequisite for admission to an advanced degree program. For example, if a regionally accredited school accepts an applicant's bachelor's degree for admittance into a graduate degree program, State Personnel will accept the degree. In the case of required college coursework (but no degree requirement), State Personnel will accept the college coursework if a regionally accredited school accepts the coursework towards a post-secondary degree (e.g., a bachelor's degree). ***This must be documented by a letter of acceptance from the regionally accredited school.*** State Personnel will review such requests on a case-by-case basis.

* The term "regionally accredited school" refers to an institution of higher education accredited by one of the above listed accreditation associations.

Note: This policy is subject to change. Certain state agencies may have additional requirements.

Examination Security Policy

Except for pretest information provided by State Personnel to all applicants, you should not directly or indirectly obtain information about examinations. If you do, the State Personnel Director may do several things. One, you may not be given an examination. Two, you may be disqualified after an examination. Three, your name may be removed from a register. Or four, your name may not be certified from the register. (Rules of the State Personnel Board, Chapter 670-x-9.) According to the Code of Alabama, 36-26-47, a willful violation of exam security is a misdemeanor. Any person who is convicted of this type of misdemeanor will not get a State job. If they are officers or employees of the State, they will be required to forfeit their office or position for five years.

If you know of anyone who has violated this policy, you should contact the Examination Manager at the State Personnel Department.

Applicants hired by the State of Alabama on or after January 1, 2012 will be subject to the E-Verify process pursuant to Act No. 2011-535.

OCCUPATIONAL GROUPS

- 10000 Clerical, Administrative, Fiscal and Information Technology**

I. Clerical, Administrative, Fiscal and Information Technology

10101 Occupational Student Trainee

Salary Range: (28) \$18,614.40 - \$21,926.40

This is work of an introductory and training nature for high school students in order to develop work skills associated with state related occupations. This is a temporary job in the State service.

Qualifications: Enrollment in high school as a junior or senior with good standing.

Note: Application should be made directly to the agency of interest.

10103 Clerical Aide

Salary Range: (28) \$18,614.40 - \$21,926.40

This is a temporary job in the State service. Employees in this class perform office work which consists of routine clerical stenographic and typing duties and which follows well-established procedures that can be readily learned on the job.

Qualifications: Completion of 10th grade and proof of enrollment in high school or Graduation from high school or GED certification.

Note: Application should be made directly to the agency of interest.

10116 Mail Clerk

Salary Range: (4753) \$22,483.20 - \$40,665.60

This is entry level routine work in receiving and processing a large volume of incoming and outgoing mail of all types in the central mailroom or an agency that only utilizes the central mailroom for a small percentage of their total mail input and output.

Qualifications: Six months of experience in mail or courier work.

10117 Mail Clerk, Senior

Salary Range: (5257) \$24,820.80 - \$44,860.80

This is advanced and/or supervisory work in receiving and processing a large volume of incoming and outgoing mail of all types in the central mailroom, or in a state agency that doesn't utilize the central mailroom, as well as training staff on proper mail processing procedures.

Qualifications: High School diploma or a GED certificate and two years of responsible experience in mail processing or courier work, to include one year of experience in mail processing.

10121 Clerk

Salary Range: (42) \$20,383.20 - \$30,991.20

The Clerk is a permanent full-time position used by various agencies throughout the state. Employees in this class may perform a variety of clerical duties.

Qualifications: High School diploma or a GED certificate.

Note: Application should be made directly to the agency of interest.

10180 Medical Records Technician

Salary Range: (54) \$26,100.00 - \$41,668.80

This is technical work in the operation of a medical records unit in state mental institutions.

Qualifications: High school diploma or GED certificate, and completion of a Medical Records Technician or Accredited Records Technician course accredited by the American Health Information Management Association.

Special Requirements: Applicants must be certified by the American Health Information Management Association as Accredited Record Technicians or must obtain certification during the probationary period in order to obtain permanent employment.

10196 Administrative Support Assistant I

Salary Range: (53) \$25,456.80 - \$40,665.60

This is entry level office support work involving a variety of clerical duties. These duties include filing documents, sorting mail, typing documents, proofreading documents, making copies, greeting and directing the public, issuing licenses or vital statistics certificates, taking telephone messages, posting records, or making simple calculations.

Qualifications: High school diploma or GED certificate and 6 months of clerical work experience.

Note: Typing skills are required for some but not all jobs in this classification. To be considered (selectively certified) for positions that require typing, we must receive a Certificate of Proficiency which describes your skill level.

⇒ *Please review announcement for additional requirements for this classification.*

10197 Administrative Support Assistant II

Salary Range: (57) \$27,408.00 - \$44,860.80

This is advanced and/or supervisory office support work involving a variety of tasks and work methods.

Qualifications: High school diploma or GED certificate and at least three years of responsible clerical work experience.

Note: Typing skills are required for some but not all jobs in this classification. If you wish to be considered (selectively certified) for positions that require typing, we must receive a Certificate of Proficiency which describes your skill level.

⇒ *Please review announcement for additional requirements for this classification.*

10310 Graphic Arts Operator

Salary Range: (4750) \$22,483.20 - \$37,785.60

This is beginning level graphic arts work.

Qualifications: High School Diploma or GED certificate

10312 Graphic Arts Technician

Salary Range: (5758) \$27,408.00 - \$45,981.60

This is advanced and skilled technical graphic arts work in the operation of varied equipment in the performance of the more complex technical processes used in the areas of copying, duplicating, and printing.

Qualifications: High school diploma or GED and one year experience in the skilled operation of production printers or composition, press, pre-press, electronic pre-press, and/or bindery equipment or Associate's Degree from an approved technical or trade school in graphic design, print technology, visual communications, or closely related field.

10314 Graphic Arts Specialist

Salary Range: (6365) \$30,991.20 - \$54,525.60

Employees in this class operate the most complex equipment and perform the most difficult graphic arts operations.

Qualifications: High school diploma/GED certificate and two years of graphic arts experience in the skilled operation of composition, pre-press, press, and/or bindery equipment or a production printer.

10410 Data Entry Operator

Salary Range: (4654) \$21,926.40 - \$41,668.80

This is entry level work operating a personal computer to capture alpha and/or numeric data from source and/or imaged documents.

Qualifications: High school diploma or GED certificate and six months of work experience in data entry or typing.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

10421 IT Operations Technician

Telecommunications Option (008)

Salary Range: (5964) \$28,778.40 - \$53,224.80

This is entry through full performance operations support for data and voice communications equipment, mainframe and client server operations, and network operations.

Qualifications: High school diploma or GED certificate and six months experience in telecommunications working with voice and data communications equipment.

Notes: College/technical school credit in Information Systems above the minimum may be substituted for the required experience on a year-for-year basis (e.g., one year of education equals one year of experience).

10421 IT Operations Technician

Computer Option (449)

Salary Range: (5964) \$28,778.40 - \$53,224.80

This is entry through full performance operations support for data and voice communications equipment, mainframe and client server operations, and network operations.

Salary Range: (5962) \$28,778.40 - \$50,712.00

This is skilled work in assisting with engineering projects and activities. This class represents the fully functional level for engineering positions in design, construction, traffic surveying, materials testing, and maintenance.

Qualifications: High School Diploma or GED and one year of experience at the level of an Engineering Assistant I or Engineering Assistant

OR Associate's Degree in Civil Engineering, Civil Engineering Technology, Drafting, or a directly related field.

20118 Engineering Assistant III

Salary Range: (6467) \$31,780.80 - \$57,259.20

This is skilled sub-professional engineering work in the field, office, and laboratory.

Qualifications: High School Diploma/GED and three years of experience at the Engineering Assistant level OR Associate's Degree in Civil Engineering, Civil Engineering Technology, Drafting, or a directly related field.

20130 Structural Steel Inspector

Salary Range: (7073) \$36,876.00 - \$69,688.80

This is specialized technical work in inspecting and evaluating the fabrication of metal structural components to be used in construction work.

Qualifications: High school diploma or GED certificate and one year of structural steel inspection experience.

Please review announcement for additional requirements needed to qualify for this classification.

20205 Photography Technician I

Salary Range: (55) \$26,740.80 - \$42,736.80

This is skilled technical work in film and digital photography and film processing.

Qualifications: High school diploma or GED certificate, supplemented by two courses in photography and/or film processing and one year of experience in commercial or news photography to include digital photography.

20211 Artist Illustrator I

Salary Range: (57) \$27,408.00 - \$44,860.80

This is skilled work in the field of creative graphic arts for a state agency or institution. Employees in this class utilize commercial art techniques in designing and illustrating visual themes and logos, design layouts, brochures, pamphlets, and instructional and educational material.

Qualifications: High school diploma or GED and two years of graphic arts experience to include creating logos, page layout, and brochure design. **OR** Bachelor's degree in Graphic Arts or a closely related field.

20220 Cartographic Specialist

Salary Range: (5663) \$26,740.80 - \$51,952.80

This is beginning level work in creating computer graphics including drafting and revising maps, charts, and graphics from aerial photographs, typographic maps, deeds, and annexation ordinances and other documents.

Qualifications: High school diploma/GED certificate supplemented with or including course work in mathematics, geography or drafting and 6 months of experience in drafting work, design, or computer graphic work on a CADD workstation

OR

Completion of one year of technical/trade school training in drafting, design, or cartographic drafting.

20301 Right of Way Coordinator

Salary Range: (74) \$43,788.00 - \$73,209.60

This is technical and professional work in relocation assistance, property management, and securing title to property needed for departmental purposes.

Qualifications: Bachelor's degree from an accredited four-year college or university in any major and two years of experience in negotiation, appraisal assistance, coordination oversight, relocation, property management, and/or court assistance.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20410 Architect, Associate

Salary Range: (75) \$45,981.60 - \$77,008.80

This is professional work in designing, in reviewing designs, and in overseeing the construction of buildings and facilities throughout the state.

Qualifications: Current registration as a professional Architect with the Alabama Board of Registration of Architects.

20411 Architect

Salary Range: (8182) \$61,660.80 - \$111,667.20

This is professional and administrative work in the field of architecture. Employees may supervise or advise professional and technical associates in design, inspection, and construction activities.

Qualifications: Two years of responsible experience in the design, design review, construction, and contracting of large or commercial type buildings as a registered Architect.

Special Requirement: Current registration with the Alabama Board of Registration of Architects

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20425 Engineering Graduate

Salary Range: (7578) \$45,981.60 - \$89,479.20

This is professional work in the field of engineering performed under the supervision of a licensed engineer.

Qualifications: Bachelor's degree in engineering or engineering technology from an accredited four-year college or university.

20429 Professional Civil Engineer Trainee

Salary Range: (5054) \$24,208.80 - \$41,668.80

This is introductory technical work for civil engineering college students in a work-study program designed to provide training and experience in civil engineering and to stimulate interest in the Alabama Department of Transportation.

Qualifications: Enrollment at a regionally accredited four-year U.S. college or equivalent in a Civil Engineering curriculum; or Enrollment in a pre-Engineering curriculum at a regionally accredited two or four-year U.S. college or equivalent; or enrollment in college-level courses (i.e. Calculus, Analytic Geometry, Chemistry, Physics, Surveying, etc.) at a regionally accredited U.S. college or equivalent which are transferable to a Civil Engineering program at a regionally accredited four-year U.S. college or equivalent.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20430 Civil Engineering Graduate

Salary Range: (78) \$53,224.80 - \$89,479.20

This is introductory professional work in the field of civil engineering performing duties associated with the planning, location, design, or construction of roads, bridges, or structures in the field, office or lab of the Alabama Department of Transportation.

Qualifications: Graduation from a regionally accredited college or university with a bachelor's degree from an accredited college or university in Civil Engineering.

Note: College seniors who are in their first quarter or semester of their senior year may apply, be placed on the register, and be certified for appointment but cannot begin work until they receive their degree.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20433 Professional Civil Engineer I

Salary Range: (82) \$66,331.20 - \$111,667.20

This is advanced professional work in the field of civil engineering. Employees in this class perform a variety of complex engineering duties associated with the planning, geodetic surveys, location, design, construction or maintenance of roads, bridges, buildings, or other civil engineering projects.

Qualifications: Possession of a Professional Engineer's License as issued by the Alabama Engineers and Land Surveyors Board of Registration and four years Civil Engineering experience.

Note: The Professional Engineer's License must be classified as "active" status to be qualified.

20439 Civil Engineer, Licensed

Salary Range: (80) \$58,692.00 - \$98,678.40

This is professional work in the field of engineering. Employees in this class perform a variety of engineering duties associated with the planning, location, design, or construction of roads, bridges, buildings, or other civil engineering projects.

Qualifications: Bachelor's degree from a regionally accredited four-year college or university in Civil Engineering.

Professional Engineers license as issued by the Alabama Engineers and Land Surveyors Board of Registration.

For the Promotional Register, current, permanent status as a Civil Engineering Graduate or Transportation Technologist, Sr. in addition to the qualifications listed above.

Note: The Professional Engineers license must be classified as "active" to be qualified.

**20481 Transportation Technologist
Bridge Design Option (005)**

Salary Range: (7073) \$36,876.00 - \$69,688.80

This is paraprofessional civil engineering work completing the detailing of moderately complex bridge plans.

Qualifications: High School Diploma or GED certificate and two years of experience in the Bridge Design area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

High school diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III.

OR

Bachelor's degree from an accredited four-year college or university in Civil Engineering or Civil Engineering Technology.

**20481 Transportation Technologist
Materials and Test Option (006)**

Salary Range: (7073) \$36,876.00 - \$69,688.80

This is paraprofessional civil engineering work conducting various tests of highway construction materials in a lab or plant.

Qualifications: High school diploma or GED certificate and two years of experience in the Materials and Tests area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III. OR High School Diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III. OR Bachelor's degree from an accredited four-year college or university in Civil Engineering or Civil Engineering Technology.

**20481 Transportation Technologist
Design Option (007)**

Salary Range: (7073) \$36,876.00 - \$69,688.80

This is paraprofessional civil engineering work serving as a roadway designer completing sheets of roadway plans or other closely related design duties.

Qualifications: High School Diploma or GED certificate and two years of experience in the Design area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III. OR High school diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III. OR Bachelor's degree from an accredited four-year college or university in Civil Engineering or Civil Engineering Technology or Geomatics.

**20481 Transportation Technologist
Construction Option (438)**

Salary Range: (7073) \$36,876.00 - \$69,688.80

This is paraprofessional civil engineering work serving as an assistant construction project manager on major projects or construction project manager on simple to moderately complex highway construction jobs or other construction related assignments.

Qualifications: High school diploma or GED certificate and two years of experience in the Construction area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III. **OR** High school diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III. **OR** Bachelor's degree from an accredited four-year college or university in Civil Engineering or Civil Engineering Technology or Geomatics.

**20481 Transportation Technologist
Analysis and Planning Option (439)**

Salary Range: (7073) \$36,876.00 - \$69,688.80

This is paraprofessional civil engineering work performing duties such as supervising field personnel engaged in obtaining road and bridge inventory data, coordinating traffic control studies and surveys, serving as an assistant Chief Bridge Inspector, serving as a District Permit Officer, District Operations Engineer, or Survey Party Chief.

Qualifications: High School Diploma or GED certificate and two years of experience in the Analysis and Planning area at the level of an Engineering Assistant, Senior or Engineering Assistant II/III. **OR** High school diploma or GED certificate and three years of experience in any area of civil engineering at the level of an Engineering Assistant, Senior or Engineering Assistant II/III. **OR** Bachelor's degree from and accredited four-year college or university in Civil Engineering or Civil Engineering Technology or Geomatics.

**20481 Transportation Technologist
Underwater Bridge Inspection Option (498)**

Salary Range: (7073) \$36,876.00 - \$69,688.80

This is specialized work in the commercial diving field of underwater bridge inspection. Employees in this class assist a lead diver in the inspection, maintenance, and repair of underwater bridge foundations and other underwater structures owned or maintained by the department.

Qualifications: High school diploma or GED certificate and graduation from a commercial diving school or equivalent military diving school.

20483 Transportation Manager

Salary Range: (81) \$61,660.80 - \$103,636.80

This is technical supervisory and administrative engineering work in the planning, location, construction, and maintenance of highways, bridges, and other structures or in the testing, inspection, and research of materials.

Qualifications: High school diploma/GED certificate and 12 years of civil engineering experience, 4 years of which must be at the Transportation Technologist, Sr. level. **OR** Bachelor's degree from an accredited college or university in Civil Engineering, or a related field and 4 years of experience at the Transportation Technologist, Sr. level.

20510 Consumer Services Specialist

Salary Range: (6467) \$31,780.80 - \$57,259.20

This is responsible work of a technical and public relations nature involving the investigation, analysis, and resolution of a wide variety of complaints, problems, and inquiries received from the general public relating to regulated public utilities.

Qualifications: Graduation from an accredited college or university with a bachelor's degree in any major and one year of experience in the investigation, analysis, and resolution of consumer complaints in a utility company or a governmental utility regulatory agency.

Note: Experience above the required minimum may substitute for the required education on a year-for-year basis.

20521 Public Utility Technical Specialist

Salary Range: (77) \$50,712.00 - \$85,087.20

This is professional, disciplined work with public utilities to include electricity, natural gas, water, and/or wastewater.

Qualifications: Bachelor's degree from an accredited college or university with a major in electrical, mechanical, industrial, civil, chemical, or nuclear engineering or in a closely related engineering field, and two years of professional engineering experience to include one year of experience in the electric, natural gas, water, or telecommunication utility field or in an agency regulating utilities.

Note: Overnight travel is required.

20607 Air Pollution Meteorologist I

Salary Range: (7274) \$39,664.80 - \$73,209.60

This is professional work in the air quality planning area of an air pollution control program. Employees in this class are responsible for determining the impact of industrial and other sources of air pollution on air quality.

Qualifications: Bachelor's degree from an accredited four-year college or university in meteorology.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20614 Environmental Scientist

Salary Range: (7173) \$37,785.60 - \$69,688.80

This is professional work of a technical nature conducting biological studies, inspections, investigations, and field chemical or physical tests using technical equipment.

Qualifications: Bachelor's degree from an accredited four-year college or university in biology, chemistry, geology, environmental science, engineering (agricultural, bio-systems, chemical, civil, or mechanical), or a closely related field.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20621 Radiation Physicist

Salary Range: (71) \$37,785.60 - \$63,175.20

This is professional work in the control of radiation health hazards.

Qualifications: Graduation at the bachelor's degree level from an accredited four-year college or university with major course work in physics, nuclear engineering, chemistry, mathematics, biology, or other very closely related fields, supplemented by at least one college-level calculus course.

20622 Radiation Physicist, Senior

Salary Range: (77) \$50,712.00 - \$85,087.20

This is professional work in the control of radiation health hazards.

Qualifications:

Master's degree from an accredited four-year college or university in the field of Radiation or Radiation Protection, including one college level calculus course and one year of experience in a radiological health program. **OR** Graduation at the bachelor's degree level from an accredited four-year college or university with major course work in physics, nuclear engineering, chemistry, mathematics, biology, or other very closely related fields, supplemented by at least one college-level calculus course.

20647 Animal Control Officer

Salary Range: (55) \$26,740.80 - \$42,736.80

This is entry level work enforcing animal control laws, ordinances and regulations.

Qualifications: High school diploma or GED and six months of experience in the care and handling of domesticated animals.

Additional Requirement: Employees appointed to this class must obtain a Certified Euthanasia Technician license before being granted permanent status.

20649 Animal/Vector Control Technician

Salary Range: (49) \$23,632.80 - \$36,876.00

This is beginning level work in providing services in animal or vector control.

Qualifications: High school diploma or GED certificate

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20652 Public Health Environmentalist

Salary Range: (6973) \$35,985.60 - \$69,688.80

This is professional work in a general or specific field of environmental health such as on-site sewage, food protection, lodging, solid waste, or vector control.

Qualifications: Bachelor's degree from an accredited college or university with a minimum of 30 quarter hours or 20 semester hours of course work in biology, chemistry, environmental science, mathematics, or physical science.

Note: Employees appointed to this class must successfully complete the training program for environmentalists conducted by the Alabama Department of Public Health before being granted permanent status.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20653 Public Health Senior Environmentalist

Salary Range: (7476) \$43,788.00 - \$81,007.20

This is professional environmental health work in a general or specific field of environmental health.

Qualifications: Bachelor's degree from an accredited college or university including 20 semesters or 30 quarter hours of combined coursework in biology, chemistry, environmental science, mathematics, or physical science and Three years of experience in a public or private environmental health program.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20671 Environmental Engineering Specialist

Salary Range: (77) \$50,712.00 - \$85,087.20

This is professional work in environmental engineering which includes basic and more routine engineering evaluations.

Qualifications: Bachelor's degree from an accredited four-year college or university in engineering, preferably civil, chemical, mechanical, or agricultural.

Additional Requirement: Positions require overnight travel.

Note: Individuals on the employment register may be selectively certified in the following areas: civil engineering, chemical engineering, mechanical engineering, or agricultural engineering.

**20672 Environmental Engineering Specialist, Senior
General Option (003)**

Salary Range: (80) \$58,692.00 - \$98,678.40

This is advanced professional work in environmental or public health engineering.

Qualifications: Bachelor's degree from an accredited four-year college or university in engineering, preferably in civil, chemical, mechanical, environmental, or agricultural and two years of professional, post-degree experience in environmental engineering. For promotional register, current permanent status as an Environmental Engineering Specialist

20705 Pharmacy Technician

Salary Range: (5458) \$26,100.00 - \$45,981.60

This is para-professional work under the immediate supervision of a licensed pharmacist.

Qualifications: High school diploma or GED certificate and one-year experience working in a pharmacy under the supervision of a registered pharmacist.

Current registration as a Pharmacy Technician in the State of Alabama.

20742 Pharmacist

Salary Range: (85) \$83,004.00 - \$139,660.80

This is professional and occasional supervisory pharmaceutical work.

Qualifications: Graduation from a recognized school of pharmacy.

Special Requirement: Possession of a license to practice pharmacy issued by the Alabama State Board of Pharmacy.

20751 Microbiologist

Salary Range: (6871) \$35,092.80 - \$63,175.20

This is entry level professional work in the performance of Public Health or Agricultural laboratory tests and procedures.

Qualifications: Bachelor's degree from an accredited college or university in Medical Technology or in a chemical, physical, or biological science including 12 semester (18 quarter) hours of combined coursework in microbiology, biochemistry, immunology, parasitology, virology, hematology, or related course work.

Notes: A minimum of one course must be in microbiology. Employees may be required to work with highly infectious agents and must agree to receive special immunizations.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20753 Microbiologist, Senior

Salary Range: (74) \$43,788.00 - \$73,209.60

Senior Microbiologists are responsible for supervising and directing a section of a laboratory.

Qualifications: Bachelor's degree from an accredited college or university in Medical Technology or in a chemical, physical or biological science including 12 semester (18 quarter) hours of combined coursework in microbiology, biochemistry, immunology, parasitology, virology, hematology, or related course work and three years of professional clinical, food quality, or veterinary diagnostic laboratory experience performing standard microbiology and chemical tests and microscopic examinations.

Notes: Employees in this class may be required to work with highly infectious agents and must agree to receive special immunizations. Employees may be required to work holidays, weekends, and after hours on a rotation basis.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20802 Forensic Scientist, Associate

Salary Range: (70) \$36,876.00 - \$61,660.80

This is responsible entry-level professional work in the field of forensic sciences. Employees in this class learn to apply theory and practical applications of chemistry, physics, and biology to forensic investigations in the discipline areas of Drug Chemistry, Forensic Biology, Firearms/Toolmarks, Fire Debris, Research, Toxicology, or Implied Consent.

Qualifications: Bachelor's degree from an accredited college or university with a major in Chemistry, Biology, Bio-Chemistry, Medical Technology, Pharmacology, Medicinal Chemistry, Genetics, Physics, Toxicology, Chemical Engineering, Mathematics or closely related field.

Two years of scientific laboratory experience in one or more of the following areas: Conducting lab work (extractions, separations, identifications) within an accredited forensic laboratory to include documented progress and/or completion of a forensic laboratory training program.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20811 Chemist I

Salary Range: (7173) \$37,785.60 - \$69,688.80

This is professional work in the chemical analysis and examination of a wide variety of substances and materials in state laboratories.

Qualifications: Bachelor's degree from an accredited four-year college or university in chemistry or chemical engineering.

20812 Chemist II

Salary Range: (7476) \$43,788.00 - \$81,007.20

This is advanced professional or minor supervisory lab work in the chemical analysis and examination of a wide variety of materials.

Qualifications: Bachelor's degree from an accredited four-year college or university in Chemistry or Chemical Engineering and two years of experience processing and analyzing chemical solutions and samples

For the promotional register, current, permanent status as a Chemist I with the State of Alabama

20830 Forensic Pathology Specialist, Associate

Salary Range: (6568) \$32,570.40 - \$58,692.00

This is technical work in the field of death investigation, assisting a State Medical Examiner in post-mortem examinations and research into the manner and cause of death.

Qualifications: Bachelor's degree from an accredited four-year college or university in Forensic Science, Criminal Justice, Nursing, Biology, Chemistry, Anthropology, Natural Sciences, Mathematics, Pharmacy or a closely related field. **OR** An Associate degree in Nursing (RN) and two years of experience in conducting forensic investigations, performing postmortem examinations, or providing direct patient care in a healthcare setting. **OR** Certification as a Surgical Technician, Radiology Technician, or a closely

related certification and two years of experience in conducting forensic investigations, performing postmortem examinations, or providing direct patient care in a healthcare setting.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

20911 Laboratory Technician I

Salary Range: (49) \$23,632.80 - \$36,876.00

This is entry level technical work in performing routine laboratory functions.

Qualifications: High school diploma or GED certificate, preferably including courses in laboratory science and general mathematics and one year of experience in performing routine laboratory work.

20912 Laboratory Technician II

Salary Range: (53) \$25,456.80 - \$40,665.60

This is technical work in performing laboratory functions in a specialized area and in the caring for and using basic laboratory equipment.

Qualifications: High school diploma or GED certificate, preferably including courses in laboratory science or general math and two years of experience in performing routine laboratory work. **OR** Graduation from an accredited four-year college or university with major course work in a biological, chemical, or physical science.

21003 Conservation Construction Inspector I

Salary Range: (6972) \$35,985.60 - \$66,331.20

This is technical inspection work in securing compliance with state laws and regulations governing the drilling, production, and abandonment of oil and gas wells.

Qualifications: Bachelor's degree from an accredited four-year college or university in Building Science, Engineering, or Architecture and two years of experience in construction or construction inspection OR Master's degree from an accredited four-year college or university in Building Science, Engineering, or Architecture and One year of experience in construction or construction inspection.

21010 Oil and Gas Field Agent

Salary Range: (6972) \$35,985.60 - \$66,331.20

This is technical inspection work in securing compliance with state laws and regulations governing the drilling, production, and abandonment of oil and gas wells.

Qualifications: High school diploma /GED certificate and two years of experience in On/Offshore Oil/Gas drilling or Oil/Gas production operations or Oil/Gas processing plant operations or a combination therein.

Note: One year of college coursework in Petroleum Engineering or Geology may substitute for one year of the required work experience.

21026 Agronomist

Salary Range: (7073) \$36,876.00 - \$69,688.80

This is entry-level professional agronomy work assisting with statewide roadside improvement, erosion control, and vegetation management programs.

Qualifications: Associate's degree in Agronomy, Horticulture, or a related field and two years of experience in turf development and management, landscaping development and management, or roadside vegetation development and management. OR Bachelor's degree from an accredited four-year college or university in Agronomy, Horticulture, or a closely related field.

21038 Energy Engineering Manager

Salary Range: (79) \$55,855.20 - \$93,921.60

This is responsible technical and professional work in the area of energy management, including conservation and allocation.

Qualifications: Bachelor's degree from an accredited four-year college or university with chemical, mechanical, civil, or electrical engineering and three years of experience conducting energy usage audits and analysis or energy systems costs analysis.

21043 Construction Project Management Specialist

Salary Range: (71) \$37,785.60 - \$63,175.20

This is entry-level professional work involving the enforcement of construction standards in public building construction.

Qualifications: Bachelor's degree from an accredited college or university in engineering, architecture, building science, or a closely related field

21059 Electrical Field Technician

Salary Range: (72) \$39,664.80 - \$66,331.20

This is sub-professional engineering work in assisting in the field of electrical engineering.

Qualifications: High school diploma and two years of electrical experience in construction, design, or repair work.

OR

Graduation from an accredited vocation/trade school or junior college with a major in the electrical or electronics trade.

21060 Electrical Engineer I

Salary Range: (82) \$66,331.20 - \$111,667.20

This is professional work in the field of electrical engineering.

Qualifications: Graduation from a regionally accredited four-year college or university with a bachelor's degree in Electrical Engineering.

Eighteen (18) months of experience in electrical design, construction, installation, and/or maintenance work.

Special Requirement: Possession of an active Professional Engineer's license as issued by the Alabama Board of Licensure for Professional Engineers and Land Surveyors.

21062 Docks Professional Facilities Engineer

Civil Option (162)

Salary Range: (82) \$66,331.20 - \$111,667.20

This is supervisory and professional civil engineering work involving the state port and inland waterway facilities.

Qualifications: Bachelor's degree from an accredited four-year college or university in Civil Engineering and four years of technical and administrative work experience in engineering and maintenance, railway construction, plant and dock construction, and/or other engineering maintenance activities.

Additional Requirement: Possession of a Professional Engineer's License issued by the Alabama Board for the Registration of Professional Engineers and Land Surveyors.

**21062 Docks Professional Facilities Engineer
Mechanical Option (164)**

Salary Range: (82) \$66,331.20 - \$111,667.20

This is responsible professional engineering work involving the state port and inland waterway facilities.

Qualifications: Bachelor's degree from an accredited four-year college or university with specialization in Mechanical Engineering and four years of technical and administrative work experience in planning, analyzing, designing, and performing mechanical engineering activities.

Additional Requirement: Possession of a Professional Engineer's License issued by the Alabama Board for the Registration of Professional Engineers and Land Surveyors.

**21062 Docks Professional Facilities Engineer
Electrical Option (374)**

Salary Range: (82) \$66,331.20 - \$111,667.20

This is professional electrical engineering work involving State port and inland waterway facilities.

Qualifications: Bachelor's degree from an accredited four-year college or university in Electrical Engineering and four years of technical and administrative work experience in planning, analyzing, designing, and performing electrical engineering activities.

Additional Requirement: Possession of a Professional Engineer's License issued by the Alabama State Board of Licensure for Professional Engineers and Land Surveyors.

21070 Geographic Information Systems Technician

Salary Range: (66) \$33,381.60 - \$55,855.20

This is technical work in the capture, storage, manipulation documentation, distribution, and display of geographically referenced information from a variety of sources.

Qualifications: High school diploma or a GED certificate and one year of experience performing Geographic Information Systems activities OR One year of college coursework (30 semester hours or 45 quarter hours) from an accredited college or university, to include completion of two college-level courses in Geographic Information Systems, may substitute for the one year of required experience.

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

21074 Geographic Information Systems Technician, Senior

Salary Range: (74) \$43,788.00 - \$73,209.60

This is full-performance technical work in the capture, storage, manipulation, documentation, distribution, and display of geographically referenced information from a variety of sources.

Qualifications: High school diploma or a GED certificate and two years of experience performing Geographic Information Systems activities.

Note: One year of college coursework (30 semester hours) from an accredited college or university, to include completion of two college-level courses in Geographic Information Systems, may substitute for one year of the required experience.

21075 Geographic Information Systems Specialist

Salary Range: (7677) \$48,300.00 - \$85,087.20

This is responsible technical work in the capture, storage, manipulation, documentation, distribution, and display of geographically referenced information from a variety of sources.

Qualifications: Bachelor's degree from an accredited college or university in Geometrics, Geographic Information Systems, Geography or a closely related field which must include completion of at least two college-level courses in Geographic Information Systems.

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

21076 Geographic Information Systems Specialist, Senior

Salary Range: (7981) \$55,855.20 - \$103,636.80

This is responsible technical work in the capture, storage, manipulation, documentation, distribution, and display of geographically referenced information from a variety of sources.

Qualifications: Bachelor's degree from an accredited college or university in Geometrics, Geographic Information Systems, Geography or a closely related field which must include completion of at least two college-level courses in Geographic Information Systems and Eighteen months of professional experience performing Geographic Information Systems activities.

⇒ **Note:** Please review announcement for additional requirements needed to qualify for this classification.

21081 Petroleum Engineering Specialist

Salary Range: (76) \$48,300.00 - \$81,007.20

This is professional engineering work at the entry level in the field of oil and gas exploration and production.

Qualifications: Bachelor's degree from an accredited four-year college or university in petroleum engineering or Bachelor's degree from an accredited four-year college or university in a closely related engineering major (chemical, mineral, or mechanical engineering) and two years of professional (post-degree) experience in petroleum engineering

⇒ **NOTE:** A Master's degree in one of the specified majors may substitute for one year of the required experience.

21091 Geologist I

Salary Range: (7274) \$39,664.80 - \$73,209.60

This is entry level professional work conducting research in geology and mineral, energy, and water resources of the state.

Qualifications: Bachelor's degree in Geology from an accredited four-year college or university.

**21092 Geologist II

Salary Range: (48) \$23,035.20 - \$35,985.60

This is responsible semi-skilled work supervising the custodial care and maintenance of a public building.

Qualifications: One year of experience in janitorial or general cleaning work and routine building maintenance tasks.

Note: Application should be made directly to the agency of interest.

80211 Laundry Worker I

Salary Range: (43) \$20,882.40 - \$31,780.80

This is routine work in performing repetitive manual or machine operation tasks in an institution laundry.

Qualifications: Completion of the eighth school grade.

Note: Application should be made directly to the agency of interest.

80221 Laundry Manager I

Salary Range: (58) \$28,084.80 - \$45,981.60

This is responsible supervisory work over the operation of an institutional laundry.

Qualifications: High school diploma or GED certificate and two years' experience in laundry operations.

80301 Food Service Worker

Salary Range: (38) \$18,933.60 - \$28,084.80

This is routine work in the preparation and serving of food and related manual tasks in kitchens, dining rooms, and wards.

Qualifications: Completion of the eighth school grade.

Special Requirement: Possession of or the ability to obtain a valid health certificate issued by the county health department.

Note: Application should be made directly to the agency of interest.

80321 Cook I

Salary Range: (42) \$20,383.20 - \$30,991.20

This is routine cooking in an institutional kitchen.

Qualifications: Completion of the eighth school grade and 6 months experience in cooking or food preparation in a commercial or institutional kitchen.

80341 Steward I

Salary Range: (63) \$30,991.20 - \$51,952.80

This is supervisory work in the preparation and service of food in a state prison, work release center, or other institution.

Qualifications: High school diploma or GED certificate and two years of experience preparing full course meals in full-service food establishment.

Note: Fast food experience is not considered qualifying experience.

80342 Steward II

Salary Range: (66) \$33,381.60 - \$55,855.20

This is supervisory work in the preparation and service of food in a state prison, work release center, or other state institution.

Qualifications: High school diploma or GED certificate and three years of experience in preparing full course meals in a full-service food establishment.

Note: Fast food experience is not considered qualifying experience.

80360 Food Service Specialist

Salary Range: (72) \$39,664.80 - \$66,331.20

This is supervisory work in the preparation and service of food in a state prison, work release center, or other state institution.

Qualifications: Bachelor's degree from an accredited four-year college or university in institutional food service or a related field and two years of experience in planning and supervising large scale, full-service food operations.

Note: "Large Scale" is defined as serving 100 people or more per meal. "Full service" is defined as preparing and serving a complete meal (fast food or short order operations will not qualify).

80401 Barber

Salary Range: (4952) \$23,632.80 - \$39,664.80

This is skilled barbering work in a state mental institution.

Qualifications: Graduation from a recognized barber college or completion of a state approved technical school program of barber training.

80412 Beautician

Salary Range: (4952) \$23,632.80 - \$39,664.80

This is skilled work in providing hair care and personal grooming to patients in an institution beauty shop.

Qualifications: High school diploma or GED certificate supplemented by graduation from a recognized school of beauty or cosmetology.

Special Requirement: Possession of a license as a cosmetologist as issued by the Alabama State Board of Cosmetology.

IX. Maintenance and Operations

90103 Utility Laborer

Salary Range: (44) \$21,400.80 - \$32,570.40

This is semi-skilled and manual labor.

Qualifications: One year of semi-skilled work experience in a building or mechanical trade OR one year of semi-skilled work experience operating equipment such as tractors or forklifts.

Note: Application should be made directly to the agency of interest.

90140 Grounds Worker

Salary Range: (46) \$21,926.40 - \$34,243.20

This is semi-skilled work in the care of the grounds of a state institution, public building, state park, or historical site.

Qualifications: Completion of the sixth school grade and two years of experience in grounds keeping and gardening work.

Note: Application should be made directly to the agency of interest.

Salary Range: (52) \$24,820.80 - \$39,664.80

This is skilled work and involves supervising the care of landscaped grounds at state institutions, office building complexes, and park areas.

Qualifications: High school diploma or GED certificate and two years of recent experience in caring for, planting, and cultivating plants and shrubs in landscaped grounds (Recent work experience is experience gained within the last ten (10) years)

Special Requirements: Applicants must possess a valid driver's license issued by the Alabama Department of Public Safety at time of appointment.

90146 Landscape Production Manager

Salary Range: (75) \$45,981.60 - \$77,008.80

This is professional ornamental horticulture landscape work.

Qualifications: Bachelor's degree from an accredited four-year college or university in horticulture, agriculture, or a closely related field and two years of experience in ornamental vegetation design and planting, growing and maintaining vegetation.

Additional Requirements: A valid Alabama driver license may be required at time of appointment. A valid Department of Agriculture Ornamental and Turf Pest Control (OTPS) permit will be required prior to end of probationary period.

⇒ *Please review announcement for additional requirements needed to qualify for this classification.*

Note: Additional education and/or experience above that which is minimally required, may be substituted on a year-for year basis.

90147 Golf Course Maintenance Worker I

Salary Range: (50) \$24,208.80 - \$37,785.60

Employees in this class are responsible for performing semi-skilled tasks in the maintenance of grass greens, fairways, and other grounds of a public golf course.

Qualifications: Six months experience in golf course maintenance or commercial turf maintenance.

90219 Underwater Bridge Inspector I

Salary Range: (69) \$35,985.60 - \$60,175.20

This is specialized work in the commercial diving field of underwater bridge inspection.

Qualifications: A High School course in English and a course in math supplemented by graduation from a commercial diving school or equivalent military diving school.

Notes: This position requires extensive overnight travel. Applicants must also possess an Alabama Driver's License and be eligible for an Alabama boat operator license at the time of appointment. Acceptable commercial diving schools are those accredited by the Association of Commercial Diving Educators or their equivalency.

90230 Automated Transportation System Maintenance Specialist

Salary Range: (6768) \$34,243.20 - \$58,692.00

This is responsible work performing installation, maintenance, and repair of electrical, electronic, and mechanical systems and devices that are utilized in the operation of an Automated Transportation System.

Qualifications: High School Diploma or GED certificate and three years of experience in the maintenance and repair in at least two of the following areas: industrial electrical, electronic, or mechanical systems. Experience should include the maintenance and repair of equipment such as pumps, generators, power distribution systems, AC/DC electrical systems, and electronic systems and controls.

OR

Successful completion of an associate degree at an accredited institution in Industrial Electricity/Electronics and two years of experience in the maintenance and repair in at least two of the following areas: industrial electrical, electronic, or mechanical systems. Experience should include the maintenance and repair of equipment such as pumps, generators, power distribution systems, AC/DC electrical systems, and electronic systems and controls.

Special Requirements: Applicants may be required to possess a valid Commercial Driver's License (CDL) at the time of employment.

90234 Automated Transportation System Operator

Salary Range: (66) \$33,381.60 - \$55,855.20

This is responsible work in a Traffic Management Center (TMC) control room monitoring various components of an Automated Transportation System (ATS) and dispatching appropriate response personnel to incidents within the ATS coverage area.

Qualifications: High School Diploma or GED and one year of experience monitoring and/or responding to routine or emergency traffic situations, communicating with emergency or other appropriate personnel, and operating electronic equipment such as surveillance systems and/or communication equipment.

90241 Transportation Worker

Salary Range: (48) \$23,035.20 - \$35,985.60

This is varied manual work performing a variety of routine tasks ranging from simple unskilled manual work to the operation of various pieces of simple mechanized equipment at the Alabama Department of Transportation.

Qualifications: Completion of Eighth Grade

Note: In order to be considered for employment in this class, applicants must apply directly to the Alabama Department of Transportation. State Personnel does not accept applications for this job class.

90244 Transportation Maintenance Technician I

Salary Range: (5657) \$26,740.80 - \$44,860.80

This is skilled light to heavy equipment operation in connection with the maintenance and construction of highway facilities.

Qualifications: Completion of Eighth Grade

Notes: Applicants must apply directly to the Alabama Department of Transportation. State Personnel does not accept applications for this job class. Appointment to this class will be made on a conditional basis. A Commercial Driver License (CDL) must be obtained during the probationary period. In order to remain in this class, an employee must maintain a valid CDL.

90246 Transportation Maintenance Technician III

Salary Range: (6467) \$31,780.80 - \$57,259.20

This is skilled light to heavy equipment operation in connection with the maintenance and construction of highway facilities.

Qualifications: Completion of the 8th grade and two years of experience in highway maintenance work at the level of a Transportation Maintenance Technician I.

Notes: Applicants must apply directly to the Alabama Department of Transportation. A Commercial Driver License (CDL) must be obtained during the probationary period. In order to remain in this class, an employee must maintain a valid CDL.

90247 Transportation Maintenance Technician II

Salary Range: (5962) \$28,778.40 - \$50,712.00

This is skilled light to heavy equipment operation in connection with the maintenance and construction of highway facilities.

Qualifications: Completion of the 8th grade and one year of experience in highway maintenance work at the level of a Transportation Maintenance Technician I.

Notes: A Commercial Driver License (CDL) must be obtained during the probationary period. In order to remain in this class, an employee must maintain a valid CDL.

90311 Equipment Operator I

Salary Range: (48) \$23,035.20 - \$35,985.60

This is semi-skilled work in the operation of automotive type equipment and heavy equipment.

Qualifications: Completion of the Eighth grade and one year of experience in commercial truck/bus driving, heavy equipment operation, forklift, wrecker or related experience.

Notes: Some positions will require a valid Alabama Driver License and/or Commercial Driver License (CDL). To be considered (selectively certified) for positions that require a Commercial Driver License, you must possess a valid license and complete the "Professional License or Certificate" section of the application. Employees may work irregular hours and be subject to 24 hour on-call. Overnight travel may be required by some departments. There may also be special licenses that the department will require.

90312 Equipment Operator II

Salary Range: (54) \$26,100.00 - \$41,668.80

This is semi-skilled work in the operation of automotive type equipment and heavy equipment.

Qualifications: Completion of the eight grade and one year of combined experience operating at least two of the pieces of equipment listed below

or two years of experience operating one of the pieces of equipment listed below

PIECES OF EQUIPMENT

Tractor Trailer/Semi		Bulldozer	Backhoe Front-End Loader
Grader	Forklift	Dump Truck	Skid-steer Loader
Pallet Jack	Bush Hog	Cherry Picker	Cutter
Lift Bucket			

Notes: Some positions will require possession of or performance of the following: Alabama Driver’s License, Commercial Driver’s License, Alabama Boat Operator’s License, Travel/Overnight Travel, Ability to lift and carry 50 pounds, Work in all weather conditions, Traverse uneven terrain, Use, surveying equipment, Swimming, Stand for long periods of time in heat and humidity, Construct and inspect boat ramps.

To be considered (selectively certified) for positions that require a CDL, you must possess a valid CDL and you must complete the “professional License or Certificate” section of the application.

90350 Aeronautics Specialist

Salary Range: (75) \$45,981.60 - \$77,008.80

This is highly specialized work involving the aeronautical inspection and funding of airports and aircraft landing facilities performed in support of the Aeronautics Bureau at the ALDOT. Employees in this class are responsible for a wide range of para-professional duties associated with ALDOT’s Bureau of Aeronautics.

Qualifications: Bachelor’s degree from an accredited four-year college or university in Aviation Management, Civil Engineering, Public Administration, or a closely related field, AND one year of experience in airport planning, airport construction, airport design, airport inspection, airport management, or airport operations.

NOTE: The required experience must have been within the last five (5) years

90355 Unmanned Aerial System Operator

Salary Range: (7073) \$36,876.00 - \$69,688.80

This is specialized work in the operation of Unmanned Aerial Systems.

Qualifications:

High school diploma or GED certificate and possession of a Remote Pilot Certificate (Part 107) from the FAA

Note: Must possess a valid Alabama Driver’s License at the time of appointment.

90356 Unmanned Aerial System Operator, Senior

Salary Range: (7578) \$45,981.60 - \$89,479.20

This is responsible technical and administrative work directing the Unmanned Aerial System (UAS) Program for the Alabama Department of Transportation.

Qualifications:

High school diploma or GED and one year of experience in collecting data utilizing an Unmanned Aerial System, and possession of a Remote Pilot Certificate (Part 107) from the FAA

Note: 150 hours of flight time experience in collecting data utilizing an Unmanned Aerial System can be substituted for the 1 year of required experience.

Additional Requirement: Possession of a valid Alabama driver license at the time of appointment.

90405 Auto Body Repairer

Salary Range: (58) \$28,084.80 - \$45,981.60

This is skilled body and fender work at the journeyman level.

Qualifications: High school diploma or GED certificate and two years of experience as a body and fender mechanic.

Additional Requirement: Qualified applicants are required to acquire and maintain a valid Alabama Driver's License.

Special Requirement: Applicants must possess a valid Alabama driver's license at the time of their appointment.

**90445 Equipment Mechanic
General Option (003)**

Salary Range: (6364) \$30,991.20 - \$53,224.80

This is skilled journeyman level mechanical work in the maintenance and repair of various types of automotive, heavy construction, and/or patrol vehicle equipment.

Qualifications: Completion of the 10th school grade and two years of experience in the maintenance and repair of heavy construction and/or

automobile equipment. **OR** Associate degree or Certificate from an approved technical or trade school in diesel or auto mechanics.

**90445 Equipment Mechanic
Marine Option (047)**

Salary Range: (6364) \$30,991.20 - \$53,224.80

This is skilled, journeyman level mechanical work in the maintenance and repair of various types of marine equipment.

Qualifications: Completion of the 10th school grade and two years of experience in the maintenance and repair of marine equipment. **OR**

Associate degree or Certificate from an approved technical or trade school in marine equipment maintenance and repair.

**90446 Equipment Mechanic, Senior
Option – General (003)**

Salary Range: (6668) \$33,381.60 - \$58,692.00

This is advanced journeyman level work performing the most complex maintenance and repairs on automotive, heavy construction, and/or patrol vehicles and equipment.

Qualifications: Completion of the 10th school grade and four years of experience in the maintenance and repair of heavy construction and/or automobile equipment or Associate degree or Certificate from an approved technical or trade school in diesel or auto mechanics and two years of experience in the maintenance and repair of heavy construction and/or automobile equipment.

**90446 Equipment Mechanic, Senior
Option – Marine (047)**

Salary Range: (6668) \$33,381.60 - \$58,692.00

This is advanced journeyman level work performing maintenance and repairs on marine engines and equipment.

Qualifications: Completion of the 10th grade and four years of experience in the maintenance and repair of marine engines and equipment. or Associate degree or Certificate from an approved technical or trade school in marine equipment maintenance and repair, and two years of experience in the repair of marine engines and equipment.

90501 Maintenance Repairer

Salary Range: (50) \$24,208.80 - \$37,785.60

This is semi-skilled maintenance and repair work in the building, mechanical or electrical trades.

Qualifications: One year of experience in general maintenance work involving the building, electrical or mechanical trades.

Note: Applicants must provide a detailed description of their experience to include listing the trade and the general maintenance work performed in the trade.

Additional Requirement: Valid Alabama driver's license at time of appointment.

90503 Plant Maintenance Worker

Salary Range: (58) \$28,084.80 - \$45,981.60

This is semi-skilled general maintenance and repair work performing building repair or installation work.

Qualifications: Completion of tenth grade and two years of experience in at least 2 building trades.

90507 Heating and Air Conditioning Technician I

Salary Range: (60) \$29,496.00 - \$48,300.00

This is responsible technical work in the installation, operation, and maintenance of air conditioning, heating, and ventilating systems in state buildings.

Qualifications: High school diploma or GED certificate; three years of experience in the maintenance and repair of commercial heating and cooling equipment. Possession of Type I and Type II EPA Certification for Proper Refrigeration Practices.

90508 Heating and Air Conditioning Technician II

Salary Range: (62) \$30,223.20 - \$50,712.00

This is advanced technical work in the efficient operation and maintenance of large and complex central air conditioning, heating, and ventilating equipment in a group of State buildings.

Qualifications: High school diploma or GED certificate and five years of experience in the maintenance and repair of commercial heating and cooling equipment.

Notes: Graduation from a trade school with an associate degree in heating and cooling technology will substitute for one year of the experience. Possession of Type III EPA or Universal EPA Certification for Proper Refrigeration Practices.

90524 Mason Supervisor

Salary Range: (64) \$31,780.80 - \$53,224.80

This is skilled and supervisory work in the mason and bricklaying trades.

Qualifications: High School diploma/GED and two years of experience as a Mason.

Notes: Graduation from a two-year vocational/technical school in the field of masonry may substitute for one year of the required experience. Some positions require supervision of inmates at a state correctional facility.

90530 Painter

Salary Range: (59) \$28,778.40 - \$47,104.80

This is skilled work at the journeyman level in painting and finishing buildings and other structures of equipment.

Qualifications: Completion of the tenth school grade and completion of a two-year apprenticeship in the painter trade.

90532 Painter Supervisor

Salary Range: (64) \$31,780.80 - \$53,224.80

This is skilled and supervisory work in painting buildings, fixtures, and equipment.

Qualifications: High school diploma or GED and two years of experience as a journeyman painter to include one year of supervisory experience in the painting trade.

90540 Plumber

Salary Range: (60) \$29,496.00 - \$48,300.00

This is skilled plumbing work at the journeyman level performing maintenance and repairs of water, gas, sewage, and steam heating plumbing facilities.

Qualifications: High school diploma or GED certificate and completion of a four-year apprenticeship in the plumbing trade.

90542 Plumber Supervisor

Salary Range: (64) \$31,780.80 - \$53,224.80

This is skilled and supervisory work in the plumbing trade determining work methods and participating in the work of the trade.

Qualifications: High school diploma or GED certificate and three years of experience in the plumbing trade at the journeyman level.

90552 Maintenance and Repair Supervisor

Salary Range: (61) \$29,496.00 - \$49,500.00

Employees in this class are responsible for maintenance work involving a variety of mechanical, electrical, and building trades.

Qualifications: High School diploma/GED certificate and two years of experience in a "building trade" or small engine repair. **OR**

Trade school graduation in a "building trade."

Note: "Building trade" is defined as fields such as electricity, carpentry, plumbing, and heating/air conditioning.

90564 Traffic Sign Painter I

Salary Range: (4856) \$23,035.20 - \$43,788.00

This is semi-skilled work in connection with the fabrication of highway signs.

Qualifications: Completion of high school level courses in English and Math.

Note: Completion of one of each of the courses listed is required.

**90570 Carpenter
General Option (003)**

Salary Range: (59) \$28,778.40 - \$47,104.80

This is skilled work at the journeyman level involving rough and finished carpentry.

Qualifications: General Option High school diploma or GED certificate and at least six months experience as a journeyman carpenter.

**90570 Carpenter
Restoration Option (375)**

Salary Range: (59) \$28,778.40 - \$47,104.80

This is skilled work at the journeyman level involving rough and finished carpentry.

Qualifications: High school diploma or GED certificate and at least six months experience as a journeyman carpenter on a recognized historic building restoration under the direction of a historical agency or foundation or an architect specializing in historic restoration.

90574 Cabinetmaker

Salary Range: (62) \$30,223.20 - \$50,712.00

Employees in this class perform skilled hand and bench cabinetmaking duties including the operation of power-drawn woodworking machinery and may involve various types of finish carpentry work on buildings.

Qualifications: Graduation from high school or GED certificate and 2 years of experience in cabinetmaking or furniture making and 2 years of supervisory experience.

90582 Electrician

Salary Range: (61) \$29,496.00 - \$49,500.00

This is skilled work at the journeyman level in directing and performing work involving the installation, alteration, maintenance, and repair of electrical systems, equipment, and fixtures.

Qualifications: Graduation from high school or GED certificate and completion of a three-year apprenticeship in the trade.

Note: Graduation from a two-year vocational-technical school in the electrical trade may substitute for the required experience.

90584 Electrician Supervisor

Salary Range: (65) \$32,570.40 - \$54,525.60

Employees in this class are responsible for planning, organizing, and directing the work of all personnel engaged in the installation, maintenance, and repair of electrical and electronic equipment and systems at a large state facility.

Qualifications: High school diploma/GED certificate and five (5) years' experience as a Journey level electrician.

Notes: Graduation from a two-year vocational/technical school as an HVAC Technician or an Electronics Technician may substitute for one year of the required experience. Some positions require supervision of inmates at a state correctional facility.

90594 Docks Production Maintenance Supervisor

Option: General (003)

Salary Range: (7475) \$43,788.00 - \$77,008.80

This is responsible supervisory work in the maintenance, repair, adjustment, and replacement of mechanical and/or electrical components for equipment used in maritime/port operations.

Qualifications: High school diploma or GED certificate and five years of experience in the maintenance, repair, adjustment and replacement of mechanical and/or electrical components for equipment used in maritime/port operations such as heavy cranes, conveyor systems, generators, compressors, front end loaders, bull dozers, dump trucks and other diesel and gasoline powered rolling stock including three of the above five years in a supervisory capacity which included assigning tasks, evaluating employees, and recommending hiring, discharge, and discipline of employees.
